## **DECEMBER 2012**

Greetings to each one in this new year in the name of God the Father, the Lord Jesus Christ, and the Holy Spirit.

We are thankful to be able to report that the kind providence of the Lord has settled us in a residence in the Mandurah area of Western Australia. Mandurah is the second largest city in the state and is located south of Perth. Finding a place to live here in Western Australia has been one of the most difficult that we have experienced in the numerous times that we have moved; nevertheless, we believe that God has arranged it so that we are where He would have us to begin His work, in which all things are ordered and sure.

After getting a house secured, the next matter was to get the container of our household goods delivered. Our rental lease was signed just before the year-end holidays and we were concerned about the possibility of having to wait until sometime in January before it could be brought down from Perth. However, it was a blessing that the company was able to deliver it on December 20. It was my understanding that the container would be delivered and then I would have several days to unload it. Instead, all of the "tilt trucks" were occupied with other jobs and the moving company sent three young men who helped me unload the container from the truck into our garage. A couple of days work for me was accomplished in less than two hours time with the help of these men. It was a special blessing. Since that time Cyd and I have been getting settled in.

Requirements regarding immigration have come before us again so I have started on the renewal process as well as being occupied with getting settled.

Our sincere thanks for your continued prayers, love, encouragement, and support for the Lord's work in Australia and Papua New Guinea.

Love in Christ,  
Bro. Frank James
