"For of him, and through him, and to him, are all things: to whom be glory for ever. Amen." Romans 11:36

January 2016

Greetings in the precious name of the Lord Jesus Christ, the King eternal, immortal, invisible, the only wise God.

We are thankful to have been able to get another printing done this month of our gospel tracts. I have been distributing them in different neighborhoods, as is our usual practice. The Lord has also blessed this month with opportunities to speak with a number of people concerning the things of the Lord and the Gospel, for which we are very thankful.

Cyd was able to have her appointment with an ophthalmologist. He informed us that the current situation with her right eye needs to be monitored for the time being as there is a narrowing and borderline "angle closure." She has been experiencing pain in her eye socket. He said that there may be a need for a laser treatment in the future. Thank you for your thoughts and prayers for her and for her health.

I had neglected to mention in our last report of visitors from the USA. Bro. Charles and Sister Teresa Hodges from Oklahoma visited us while on vacation to Western Australia. It was a joy to have them in our home as well as in our services.

Thank you for your prayers, love, encouragement, and support for the Lord's work in Australia and Papua New Guinea.

Love in Christ, Frank James

News From The Homefront

Australia Day:

It was a blessing this year to spend time with our friends the Capistranos and to have pizza in the park. We are thankful for all of the friends the Lord has given us since moving to Australia.

Swan River:

This past month, we took a drive along the Swan River to see what it looked like. I had searched it out Online and wrote down where there were pull-offs to see the views. At the first pull-off, I noticed several black swans and took a picture. Then as went along we noticed more black swans. Then on the way home as Frank was driving, I looked over and saw hundreds of black swans and said, "Oh I get it, it's the Swan River because of the swans." ☺ I felt as though I had an epiphany. Then when we got home I looked up the history and it was true. It was originally named the, "Black Swan River." It was kind of funny though how we had never made the connection before.
